

250µm fibers now available in all modes.

9/125, 62.5/125, 50/125, 100/140 and 200/230um

The Light Connection can provide spooling services as well as special lengths hand coiled offerings for your testing needs. Many standard lengths in stock. These are spooled on a standard Corning® single-wide spool or double-wide spools as required. All standard fibers are tested prior to shipping. Printed test results can be provided for an additional charge

Standard lengths are 1km,2km,5km,10km,15km,20km and 25.2km (-0/+5%)
Longer lengths are available as a non-stock order.

We also offer many 250um fibers in the 12 industry standard colors as well.

In Stock Lengths of 250µm Fiber
Ready for test boxes, test equipment etc.
